

Dear Fellow Overlanders,

Summer is moving right along and what a strange hot and cold summer it has been.

We have enjoyed two great home rallies and G.L.A.S.S. as well.

The Pt Pelee rally was cool but fun and the just recent Petrolia rally was lovely and warm.

The Huzevka's went out of their way to provide camping sites' breakfast's and a wonderful surprise dinner.

The surprise was you had to choose from a list of names for each course and I personally was surprised to receive spaghetti and meatballs for my appetizer. Try eating that with your fingers!! My main course was a glass of water and an Olive and toothpick.
It was fun.

We also enjoyed the theatre in a lovely refurbished old building and saw the abstract Play 39 steps

At our meeting on Sunday morning Don Crawford our national director gave a report including details of the upcoming summer national in Oregon. Congratulation on conscripting two new members while at G.L.A.S.S.

Laura Baker reported on the G.L.A.S.S. rally and told us of the plans for next year.

It sounds very interesting. Congratulation Baker's for a job well done.

We also heard of our participation in the ice-cream social and understand it went very well. Thanks to all who participated and to the leadership of Dennis and Bernadett Dunning.

Mary Jagt gave us all the details concerning the Labor day rally in Paris at the Paris fairgrounds. It sounds wonderful with all the entertainment right there and many meals provided. Paris always has a great Fair and there is plenty to see there and in the surrounding area.

John MacCallum reported on the Applefest rally which should be fun with all that is going on. Don't forget your \$ 5.00 gift for the Pedddler's exchange. If you start looking now you can come up with something interesting. Shirley Walsh reported on every other aspect of our club, and we closed the meeting by presenting the Crawford's with red Ont Overlander coloured jacket's for work on our behalf as national director and Kathy for representing us and being " the woman behind every successful man "

We look forward to seeing everyone again soon, so have a happy safe summer.

Eliza beth MacCallum.
